10. Notices of Motion

- (a) To consider, in accordance with Council Procedure Rule 12, the following Notice of Motion to be moved by Councillor Ward and seconded by Councillor Irvine:-

“Addressing the Humanitarian Crisis Motion

On 7th September 2015, in the wake of public outcry following three-year-old Aylan Kurdi's tragic death the Prime Minister agreed to increase the UK's commitment towards addressing the ongoing refugee crisis facing Europe and the Middle East; he was right to do so.

The global need for asylum is an international crisis and it requires an international solution, one which seeks to resolve both the causes and consequences of a people's forced flight from their homeland. The UK, alongside other countries, must play a part in that solution, both at home and abroad.

During previous periods of humanitarian crisis, Crawley has played a leading role in meeting the UK's refugee commitments and must do so again. Yet, we are aware of the fear that many UK residents are feeling as they too struggle to survive in the aftermath of a major recession, as they face an ongoing housing shortage and find growing demand pressures stretching the capacity of the public services upon which they depend.

Given this reality and the need to preserve social cohesion we require a national strategy for meeting the UK's refugee commitments, one which ensures that the consequent pressure is distributed equitably and backed up by adequate funding from central government, ensuring that those in need at home are not disadvantaged by the UK helping to save the lives of those in need abroad. Crawley stands ready to play its part in that national strategy.

This Council resolves:

- 1) to support the ongoing efforts of Crawley Borough Council, alongside West Sussex County Council and neighbouring districts, to meet the county's refugee obligations in a way which best ensures the best outcome for both refugees and existing local residents.
- 2) to write to the Prime Minister, expressing support for increasing the UK's commitment to addressing the ongoing global need for asylum, noting the more substantial commitments of other EU member states, and asking for resources to be made available to ensure that communities are able to meet the needs of both refugees and existing local residents.”

- (b) To consider, in accordance with Council Procedure Rule 12, the following Notice of Motion to be moved by Councillor Mullins and seconded by Councillor Stanley:-

“TTIP (Transatlantic Trade and Investment Partnership)

This council notes:

1. That the EU and USA launched negotiations in July 2013 on a Transatlantic Trade and Investment partnership.
2. That negotiations are underway to determine which goods and services TTIP will apply to and if new rules can be agreed to protect investors, harmonise standards, reduce tariffs and open new markets throughout the EU and USA.
3. That there has been no impact assessment about the potential impact on local authorities.
4. That there has been no scrutiny of the negotiating texts by local government and no consultation with local government representatives.
5. That MPs are also unable to scrutinise the negotiating documents.

This council believes that:

1. TTIP could have a detrimental impact on local services, employment, suppliers and decision-making.
2. TTIP could have a detrimental impact on the NHS which would encourage privatisation, higher prescription costs, and prevent any re-nationalisation of the NHS.
3. A thorough impact assessment of TTIP on local authorities and the NHS must be undertaken before the negotiations are concluded.
4. The proposed Investor State Dispute Settlement (ISDS) mechanism has been used by corporations to overturn democratic decisions by all levels of governments at significant public cost. Local decision-making must be protected from ISDS.
5. The EU's food, environmental and labour standards are better than those in the USA and TTIP negotiations must raise and not lower these standards across the EU and USA.
6. Sourcing supplies and employment locally is important to strengthening local economies and meeting local needs. TTIP must not impact on local authorities' ability to act in the best interests of its communities.

This council resolves:

1. To write to the secretary of state for communities and local government, local MPs and South East MEPs raising our serious concerns about the impact of TTIP on local authorities and the secrecy of the negotiating process.
2. To write to the Local Government Association to raise our serious concerns about the impact of TTIP on local authorities and ask it to raise these with government on our behalf.
3. To call for an impact assessment on the impact of TTIP on local authorities.
4. To publicise the council's concerns about TTIP; join with other local authorities which are opposed to TTIP across Europe and work with local campaigners to raise awareness about the problems associated with TTIP.
5. To contact local authorities of municipalities twinned with Crawley Borough Council asking them to consider passing a similar motion on TTIP."

- (c)** To consider, in accordance with Council Procedure Rule 12, the following Notice of Motion to be moved by Councillor Crow and seconded by Councillor Lanzer:-

“Local business rates are set by central government at a uniform national rate. They are collected by local councils and transferred to central government to be distributed back out across the country. Local councils such as Crawley Borough Council, which represent areas with a dynamic and growing local economy, disproportionately lose out through the current system.

As a local authority that welcomes the transfer of decision-making powers from central to local government, this Council resolves to:

1. Write to the Local Government Association to state its support for the principles of greater local retention of locally-collected business rates and of greater local control over the setting of business rates;
2. Carefully examine the detail of the proposal in the Chancellor of the Exchequer’s Autumn Statement to change the business rates regime and as a result of these changes, look for potential opportunities to benefit the local economy;
3. Consult with the Crawley business community to seek their views on the proposals to change the business rates regime and on the current levels of business rates payable;
4. Explore the potential that lowering business rates could have on reducing the number of empty shops in Crawley town centre.”

- (d)** To consider, in accordance with Council Procedure Rule 12, the following Notice of Motion to be moved by Councillor Jones and seconded by Councillor Lamb:-

“This council notes the promised new fire station for Crawley, first put forward in 2006 by West Sussex County Council (WSSCC), remains unbuilt and does not even form part of the list of works on the county council’s most up to date proposals for its future capital programme.

This council believes that a new fire station for the town is long overdue, and that the reasons why the current fire station should be replaced are even more relevant now than when it was first proposed.

This council also believes that WSSCC has a moral duty to provide the most modern and effective fire cover for the people of Crawley and the surrounding area, and that a previous report from the county council itself stated that the existing Ifield Avenue station is no longer in the best location to provide optimum cover either within the North of the County or for areas in Crawley at the highest risk, is beyond its design life, in poor condition and in need of replacement.

This council therefore resolves to:

Urge WSCC to take the steps necessary to build a new fire station for Crawley, and to authorise officers to enter into negotiations with WSCC to transfer the land currently owned by CBC adjacent to Cheals roundabout for either a zero or nominal sum, conditional upon the land being used to provide the new fire station.”
