Natalie Brahma-Pearl, Chief Executive has authorised a restructure of the Corporate Management Team (CMT).

The restructure created a CMT with 7.5 head of service roles and address the temporary arrangements in place for more than a year and produce synergies across services. In particular:

- Returning strategic planning and development management to the same division
- Maintaining the additional support required to sustain the Council's ambitious housebuilding programme
- Balancing and equalising the levels of responsibility across service areas
- Delivering a saving to the Council through a part-time head of service

The proposed structure chart is attached.

There will be a transition period over the summer to allow a handover of services where necessary and the new structure will take effect from 1 September.
