At the event, we will delve into the core of the Safer, Stronger Crawley Project, presenting its purpose and how you can actively engage in supporting the ongoing efforts to enhance the safety and well-being of Crawley Town Centre.

Our primary mission with this project is to address and combat serious and organised crime in the Town Centre in a significant and effective manner using a new approach to policing and partnership work. We intend to unite the police, our partners, and the community to reduce crime and increase perceptions of safety.

We extend a warm invitation for you to attend our presentation, which will provide an in-depth understanding of the project and the aspirations of this invaluable partnership. As residents, businesses, and partners in our community, we all play a crucial role in shaping the future of our borough. We invite you to be an active participant in our collective efforts to build a Stronger, Safer Crawley. Key representatives from Sussex Police, Crawley Borough Council, other partner organisations and the business community will be in attendance.

We look forward to seeing you there.

Safer Crawley Partnership Executive
