Crawley Borough Council

Annual Governance Statement 2023/24

Scope of Responsibility

Crawley Borough Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards. It must also ensure that public money is safeguarded, properly accounted for, and is used economically, efficiently and effectively.

The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging these responsibilities, Crawley Borough Council is responsible for ensuring arrangements are in place for the governance of its affairs and the effective exercise of its functions, including arrangements for the management of risk.

The Council has approved and adopted a [Code of Corporate Governance](#) which is consistent with the principles of, and reflects the requirements outlined in, the 2016 CIPFA/SOLACE Framework, 'Delivering Good Governance in Local Government'. This statement explains how the Council has complied with the Code and meets the requirements of the Accounts and Audit Regulations (2015) in relation to the publication of a statement of internal control.

The Annual Governance Statement in respect of the 1 April 2023 to the 31 March 2024 will be considered by Governance Committee on the 10 September 2024. The final version will be presented to the Audit Committee on the 26 November 2024. This is subject to the Statement of Accounts being presented to the Audit Committee at a date later in the year.

The purpose of the Governance Framework

The governance framework comprises the systems, processes, culture, and values, by which the Council is directed and controlled, and the activities through which it accounts to, engages with and leads the community. It enables the Council to monitor the delivery of its strategic objectives and to consider whether those objectives have led to the delivery of cost-effective services and value for money.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk and can therefore only provide reasonable, and not absolute, assurance of effectiveness. The system of internal control is an ongoing process designed to:

- Identify and prioritise the risks to the achievement of Crawley Borough Council's policies, aims and objectives,
- Evaluate the likelihood of those risks being realised and the impact should they be realised,
- Manage them efficiently, effectively, and economically.

The Leader of the Council (Cllr Jones) and the Chief Executive (Natalie Brahma-Pearl until September 2023 and then Ian Duke) recognise the importance of having robust rules, systems and information available to guide the Council when managing and delivering services to the communities of Crawley.

Agenda Item 5

The governance framework has been in place at Crawley Borough Council from the 1 April 2023 until the 31 March 2024 and up to the date of the approval of the Annual Report and Statement of Accounts for the financial year 2023/24.

The Principles of Good Governance

The CIPFA/SOLACE Delivering Good Governance publication (2016) defines the various principles of good governance in the public sector. The document sets out seven core principles that underpin the governance framework.

The following table sets out the Councils review of compliance and supporting evidence against these principles:

Principles of Good Governance	Review of Compliance & Supporting Evidence
<p>Principle A: Behaving with integrity, demonstrating strong commitment to ethical values and respecting the law.</p>	<ul style="list-style-type: none"> • The Council’s Constitution last updated on the 3 January 2024 sets out how the Council operates. It’s divided into 3 sections: Decision Making, Procedure Rules and Codes & Protocols. The Decision-Making section includes details of the Council’s decision-making mechanisms and a scheme of delegation setting out who is responsible for taking which decision. • Codes of Conduct for Members and officers are in place. The Councillor Code of Conduct is based on the Seven Principles of Public Life (also known as the Nolan Principles). • The Council’s Code of Corporate Governance is consistent with the principles of and reflects the requirements in the CIPFA / SOLACE Framework, ‘Delivering Good Governance in Local Government’. This statement explains how the Council has complied with the Code and also meets the requirements of the Accounts and Audit (England) Regulations 2015. The Head of Governance, People & Performance keeps this under review. • The Council has three statutory roles in place to fulfil the duties within the governance framework. Head of Paid Service (Chief Executive), Monitoring Officer (Head of Governance People & Performance), Section 151 Officer (Head of Corporate Finance). • On joining the Council, officers are provided with a contract outlining the terms and conditions of their appointment which they sign. • Newly elected Councillors attend an induction which includes information on roles and responsibilities; political management and decision- making; the Code of Conduct, declaration and registration of interests; financial management and processes; information governance; and Data Protection. • Councillors declare any interests at the start of every formal Council meeting they attend in accordance with Standing Orders and are included in the minutes of the meeting. The Council maintains a register of member’s interest. There is a requirement to update this within 28 days of any interest changing. The register for each member is available on the website Your Councillors - Crawley Borough Council

Principles of Good Governance	Review of Compliance & Supporting Evidence
	<ul style="list-style-type: none"> • The Governance Committee is responsible for regularly reviewing the Constitution and ensuring that it is both up to date and fit for purpose. Significant changes to the Constitution are considered by the Governance Committee before being put before the Full Council for adoption. • The Council's Whistleblowing Policy is up to date and sets out the options and associated procedures for Council staff to raise concerns about potentially illegal, unethical or immoral practice and summarises expectations around handling such matters. • The Council has an Anti-Fraud and Corruption Policy, Anti Bribery Policy and Anti Money Laundering Policy and continue to be working effectively. • The Council has a Fraud and Investigations Team which acts to minimise the risk of fraud, bribery, corruption and dishonesty and recommends procedures for dealing with actual or expected fraud. The Team also prosecutes, where appropriate, and is involved in fraud training and awareness. • The Council's Complaint's Policy sets out the complaints handling process and signposts customers to the relevant Ombudsman (Local Government & Social Care and Housing Ombudsman) if they remain dissatisfied. Both Ombudsmen produced new Codes based on unified principles in February 2024. The Housing Ombudsman Code is statutory from the 1 April 2024. The council revised its Policy to ensure compliance with the changes, effective from the 1 April 2024 and is on the Council's website. The council completed its annual self-assessment against the Housing Ombudsman Code in June 2024, which identifies areas where we do and do not comply with the Code. Area's where we don't currently comply include an explanation of the action that will be taken to make further improvements. This is published on the council's website. • Complaints data is reported to the Corporate Management Team (CMT) on a quarterly basis and includes data on volumes received and reasons for those that are late. Lessons learned for upheld, and part upheld complaints is also reported to CMT to ensure continuous improvement in service delivery. Data on Ombudsman complaints and outcomes are also included. Data is reported at a service level monthly to ensure action is taken to address any areas of concern.

Principles of Good Governance	Review of Compliance & Supporting Evidence
	<ul style="list-style-type: none"> • The Local Government & Social Care Ombudsman produce an annual summary of complaint statistics that focus on three key areas that help to assess the Council’s commitment to putting things right when they go wrong. These are also used to compare performance with other councils and are published on their website. This summary is shared with the Chief Executive, Leader and chair of the Overview & Scrutiny Committee. The Council received no upheld decisions for the period ending the 31 March 2024, which is very positive compared with an average of 63% in similar authorities. The annual review letter 2023/24 is available on the council’s complaint’s webpage. • The Council operates a shared Procurement Service with Horsham, Mid Sussex and Mole Valley Councils, with Crawley acting as the lead Authority. The Council’s procurement processes, and key policies, contracts register, and charters are published on the website. Principles of Good Governance	Review of Compliance & Supporting Evidence
<p>Principle B: Ensuring openness and comprehensive stakeholder engagement</p>	<ul style="list-style-type: none"> • The Council and its decisions are open and accessible to the community, service users, partners, and its staff. All reports requiring a decision are considered by appropriately qualified Legal and Finance staff before they are progressed to the relevant Committee or group. All reports and details of decisions made can be found on the Council's website. • The Cabinet publishes forthcoming decisions that will be made over the next one to four months. This includes a short description of the decision to be made; who will make it; when the decision will be taken; details of the planned consultation with local people and other stakeholders; and contact details for further information (including reports and background papers). • Most committee meetings are webcasted and available on the Council's YouTube channel. However, some committees / panels and reports may not be streamed as they contain exempt information in line with the Council's constitution. • Equality considerations are embedded in decision-making and applied to everything the Council does. Equality Impact assessments are carried out when there is significant change to major Council services, functions, projects and policies in order to better understand whether the change will impact people who are protected under the Equality Act 2010. • The Council's Equality, Diversity & Inclusion Statement 2022 – 2026, is up to date and sets out the Council's equality, diversity and inclusion priorities. Agenda Item 5

Review of Effectiveness

The Council has a legal responsibility for conducting an annual review of the effectiveness of its governance framework including the system of internal control. The following processes have been applied throughout the year in maintaining and reviewing the effectiveness of the governance framework:

Agenda Item 5

External Audit Annual Report

External Audit (Ernst & Young) undertook their audit of the 2021/22 audit work in accordance with the Audit Plan issued in February 2023. This complied with the National Audit Offices (NAO) 2020 Code of Audit Practice. The report was presented at [Audit Committee on the 12 March 2024](#).

The main conclusions from their report included:

- Financial statements were unqualified and gave a true and fair view of the financial position of the Council as of March 2022 and of its expenditure and income for the year.
- Confirmation that the Head of Corporate Finance's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.
- Financial information in the narrative statement and published with the financial statements was consistent with audited accounts.
- There were no matters to report by exception on the Council's value for money (VFM) arrangements.
- The annual governance statement was consistent with their understanding of the Council.
- There was no reason to use their auditor powers.

Internal Audit Annual Report and Opinion

The Chief Internal Auditor (Head of SIAP) is required to provide an independent opinion on the overall adequacy of the effectiveness of the Council's governance, risk and control framework. Their Annual Report and Opinion is considered, and any significant issues incorporated as a result. Report [FIN/665](#) was presented to the Audit Committee on the 9 July 2024 where the [Annual Audit Report and Opinion](#) was considered.

The opinion states that sufficient assurance work has been carried out to allow the Chief Internal Auditor to form a reasonable conclusion on the adequacy and effectiveness of the internal control environment. In their opinion frameworks of governance, risk management and management control are **reasonable** and audit testing has demonstrated controls to be working in practice. Where weaknesses have been identified through internal audit review, SIAP have worked with management to agree appropriate corrective actions and a timescale for improvement.

In general, internal audit work found there to be a sound control environment in place across the majority of review areas included in the 2023/24 Audit Plan that were working effectively to support the delivery of corporate objectives. There were five areas identified through their work that received limited assurance. These were Contract Management, Electrical Safety Checks (Housing Stock), Procurement, Community Services (Regulatory Compliance and Main Accounting). Management actions have been identified in these areas along with agreed timescales for improvement. Progress on this is reported to the Audit Committee on a quarterly basis.

Governance Challenges

Progress on the governance improvement areas identified during the 22/23 review:

The new applicant process is available on the website along with a flow chart and explanatory notes to help explain the process.	Complete

The review of governance arrangements has identified the main areas the Council will focus on during 24/25 to address the challenges identified:

No.	Title	Issue / Action	Responsible officer(s)	Monitored by
1	Council’s financial resilience	<p>The Budget monitoring report showed a worsening financial position. In year mitigations of (£1.5m) have been identified, however, further sources of funding will be required to maintain the General fund above the £3m recommended balance.</p> <p>Cost pressures include the above budget pay settlement, and other inflationary pressures, Housing Benefit and the Town Hall/District Heat Network. However, the greatest cost pressure is in the</p>	Head of Corporate Finance	Cabinet and CMT

		<p>Homelessness service (temporary accommodation) with additional cost pressure of £3.6m.</p> <p>The council declared a housing emergency in February 2024 and will continue to lobby Government for increased financial support.</p> <p>These cost pressures are anticipated to continue in the budget for 2024/25. The budget strategy accepts that the situation is not sustainable in the medium term and sets out actions over the next 12 to 18 months to correct the situation.</p> <p>The cost of living is also having an impact and arrears are increasing, e.g. outstanding rent. More intelligence is needed both on rent and council tax arrears and data gathering is a feature of the cost-of-living transformation item, which will help to develop understanding.</p> <p>These issues are also strategic risks which are monitored regularly by CMT and the Audit Committee.</p> <p>The budget is closely monitored, and we will continue to mitigate risks the best we can. All member finance seminars will continue in 24/25 to keep everyone informed.</p>

2	Regulator of Social Housing	<p>New approach to regulation, including consumer standards and risk-based inspections.</p> <p>Updates to the Social Housing Regulation Bill to introduce ‘Awaab’s Law’, which will require landlords to fix reported health hazards within specified timeframes.</p> <p>Growth in posts was agreed by Cabinet on the 10 January 2024, to reflect the change in demand arising from the standards set by the Regulator of Social Housing and Housing Ombudsman.</p> <p>These issues are also strategic risks which are monitored regularly by CMT and the Audit Committee.</p>	Head of Crawley Homes	CMT
3	Oflog (Office for Local Government)	<p>The purpose of Oflog is to help make local government even better. It will increase understanding about the performance of local authorities, warn when authorities are at risk of serious failure, and support local government to improve itself.</p> <p>Oflog has identified key metrics within their Data Explorer and the council has included these within the Corporate Performance Dashboard to monitor performance.</p> <p>Oflog’s development will be an iterative process and its functions will develop over time to fulfil its long-term vision.</p> <p>The council will keep this under review and updates will continue to be included in the quarterly performance reports to CMT.</p>	Head of Governance, People & Performance, Corporate Performance Manager	CMT

No.	Title	Issue / Action	Responsible officer(s)	Monitored by
4	Ombudsman complaints recommendations	<p>A recommendation from the Housing Ombudsman following the determination of a complaint was for the council to put in place a Repairs Policy. Crawley Homes have prioritised putting a Repairs Policy in place. This is currently in draft and a consultation event with residents regarding the draft policy took place on the 21 May 2024. The policy also includes the principles set out in the draft legislation.</p> <p>The Policy & Engagement Manager is in post to support the development of Crawley Homes policies.</p>	Head of Crawley Homes, Policy & Engagement Manager	CMT
