COUNCIL TAX EMPTY HOMES PREMIUMS

Since April 2013, billing authorities have been able to charge an additional premium of 50% on properties which have been unoccupied and substantially unfurnished for more than two years. This means that the council tax charged is 150% of the normal charge for that property. Legislation has changed to allow councils to increase the premium above the previous 50% limit, with the amount of the premium increasing the longer the property is left empty. The Council will be asked to agree to increase empty homes premiums to ensure that empty homes are encouraged to be occupied.

The intention behind the legislation for the charging of premiums is to encourage owners of long term empty properties to bring them back into use in order to increase the supply of housing.

WASTE & RECYCLING CONTRACT

The Council's existing contract with Biffa for the collection of household waste and recycling is due to expire at the end of January 2021.

The contract includes an option to extend this, by mutual agreement with Biffa, for a further period of up to three years.

Should the Council or its contractor not wish to take up this option then a re-procurement process would ideally need to be initiated in July 2019, in order to allow sufficient time for the contract procurement process, as well as the procurement of the necessary vehicle fleet within the mobilisation period.
