

# Warmer Homes Programme – new funding secured

The Warmer Homes Consortium has been successful in its bid for LAD (Local Authority Delivery) phase 3 and Home Upgrade Grant funding to provide measures to support both on and off gas low-income and energy inefficient households until March 2023.

## Measures (subject to technical feasibility) include:

- Cavity & solid wall insulation (external/internal)
- Loft, room-in-roof & underfloor insulation
- Air source heat pumps
- Solar PV panels
- High heat retention storage heaters
- Heating controls
- Park home wall insulation

## Funding is subject to the following eligibility criteria:

- The home is owned or privately rented (landlords will be required to make a financial contribution).
- A home's energy efficiency rating shown on its Energy Performance Certificate (EPC) is E, F or G (limited funding is available for EPC D rated properties).

## AND

- The total household annual income of £30,000 or less (before housing costs/bills) OR resident receives a [means-tested benefit](#) OR resident meets an additional eligibility criteria, known as the ECO flexible eligibility 'statement of intent'.

Homes with a mains gas supply could receive up to £10,000. Those that are off gas could receive up to £25,000.

Residents should apply by visiting [www.warmerhomes.org.uk/programme](http://www.warmerhomes.org.uk/programme) and click 'apply now' or call 0800 038 5737.

156 Crawley households with an E, F or G Energy Performance Certificate (EPC) rating have received a letter from Warmer Homes. A further mailout is planned for September/October targeting selected EPC - D rated and other selected properties.
