

Draft Scoping Framework

Title of Review: Housing Associations Scrutiny Panel

PART 1: THE REVIEW

Section 1 - Terms of Reference

To seek clarification as to the regulation of social landlords and housing associations. There is a need to scrutinise the current situation and operations with regards to a limited number of housing associations within the town, together with service standards, satisfaction and complaints received, ideally with witness sessions from various housing associations.

It was felt important to explore options to improve the work between the council and various RSLs, resulting in a positive outcome for residents.

Section 2 – Reasons for the Review

At the Overview and Scrutiny Commission in March 2023, clarification was sought as to the regulation of social landlords and housing associations. It was felt it would be beneficial to scrutinise the current situation with regards to a limited number of housing associations within the town, together with service standards, satisfaction and complaints received, ideally with witness sessions from various housing associations.

It was noted the OSC had previously received a report ([SHAP/69](#)) containing information on the housing associations operating in Crawley and third-party data was difficult to mandate, particularly as the Council is not the regulator for RPs.

It was discussed at the OSC Training Session and approved at the Overview and Scrutiny Commission in June 2023 that this follow up would be beneficial in the format of a 'Spotlight' Scrutiny Review. A Spotlight Review usually takes 2-3 sessions (4 maximum) and involves:

1. Introduction, scoping and identifying witnesses.
2. Witness sessions.
3. Finalising recommendations (or Obtaining additional information if required).
4. Finalising recommendations (if not completed in 3).

Section 3 – What will be in scope

Whilst the previous report [SHAP/69](#) identified key points, this Scoping Framework is specific in that the **scrutiny panel should focus on the activities where the council can influence and add value.**

- a) Review report [SHAP/69](#).
- b) Main priorities and issues faced for residents in social housing, in relation to their landlords.
- c) RSL's current targets and achievements in various service areas (eg repairs, customer contact, ASB)
- d) What influence the council can have.
- e) The openness and approachability of specific RSLs in the borough.

Overall aims – TBC and Agreed

- a) Improved method of contact.
- b) Reduction in complaints received by council/councillors regarding housing associations.

Section 4 - What will not be included in the scope (and why)

Potentially this could become a huge review, but it is proposed to keep this review more proportionate and concise by focusing on where it can add most value. Specific cases, actions or decisions taken by officers of the council of housing associations, unless they are related to policy. Anecdotal evidence may be used to inform areas, policies or habits to investigate but specific people are not to be scrutinised and the Panel should aim to avoid assigning blame to individuals.

PART 2: EVIDENCE GATHERING AND PLANNING

Section 5 - Key Documents and Background Information the Panel may find useful for research.

It will be necessary to take into consideration current and proposed policy documents when undertaking this Panel's work to ensure work is in line with Council policies and priorities.

- a) [Housing Associations Operating in Crawley OSC Report - SHAP/69](#)
- b) [Regulatory Standards \(Regulator of Social Housing\)](#)
- c) [Decent Homes Standard: Definition and Guidance for Implementation \(DCLG\)](#)
- d) [New Consumer Standards \(out for consultation\)](#)
