The site

The site is located within Crawley town centre, just a seven-minute walk from Crawley train station and approximately one mile from Three Bridges train station, providing excellent access to London Victoria and Gatwick Airport.

The regeneration of Telford Place will contribute to Crawley Borough Council's wider town centre regeneration plans and provide a highly sustainable centrally located new development.

At the event, residents will be able to view the proposals for new homes and speak to members of the project team to ask any questions they may have.
